

MD. Shakil Ahammed

Web Designer & WordPress Developer

PROFILE

Hello, I'm Shakil Ahammed, A dynamic and skilled Full Stack WordPress Developer with a passion for creating efficient and visually appealing websites. My goal is to leverage my expertise and experience to contribute to the success of organizations by delivering high-quality web solutions that align with their objectives. With a strong foundation in both front-end and back-end development, I strive to continuously enhance my skills and stay updated with the latest industry trends and technologies. I am driven by a commitment to excellence, attention to detail, and a collaborative approach, seeking opportunities to work with diverse teams and create impactful digital experiences. By combining my technical proficiency, creativity, and problem-solving abilities, I aim to build innovative websites that provide seamless user experiences and drive business growth.

WORK EXPERIENCE

- 2021 - 2023 **Position: Full Stack Web Developer & IT Support Engineer**
Company: Auburn Group (Doha, Qatar)
 - Developed and maintained full-stack web applications using modern technologies and frameworks.
 - Collaborated with cross-functional teams to gather requirements and deliver high-quality web solutions.
 - Implemented responsive and user-friendly front-end interfaces using HTML, CSS, and JavaScript.
 - Conducted thorough testing and debugging to ensure the stability and performance of web applications.
 - Provided technical support to end-users, resolving issues related to software, hardware, and network connectivity.
 - Assisted in the implementation and configuration of IT systems, ensuring optimal functionality and security.

WORK EXPERIENCE

2018 - 2023

Position: Full Stack PHP & WordPress Developer

Company: Fiverr & Upwork

- Developed and maintained custom PHP-based web applications, adhering to industry best practices and coding standards.
- Built responsive and user-friendly WordPress themes and plugins, meeting client requirements and design specifications.
- Collaborated with clients to gather project requirements, providing technical expertise and guidance throughout the development process.
- Customized and extended existing WordPress themes and plugins to enhance functionality and meet specific client needs.
- Implemented secure authentication and authorization mechanisms to protect sensitive data and prevent unauthorized access.
- Conducted thorough testing and debugging to ensure the stability, performance, and compatibility of PHP and WordPress applications across different browsers and devices.
- Worked closely with designers and content creators to ensure optimal user experience and visual appeal of websites.
- Provided ongoing maintenance and support for PHP and WordPress projects, addressing issues and implementing updates as required.
- Managed multiple projects concurrently, prioritizing tasks and meeting deadlines while maintaining a high level of quality and customer satisfaction.

2020 - 2021

Position: WordPress Trainer & Developer

Company: Cycas IT Limited

- Conducted comprehensive WordPress training sessions for clients and internal staff, empowering them to effectively use and manage WordPress websites.
- Developed and delivered customized training materials, including user manuals and video tutorials, to facilitate WordPress learning and adoption.
- Provided hands-on guidance and support to trainees, assisting them in setting up, configuring, and customizing WordPress sites.
- Designed and implemented WordPress themes and templates, ensuring visually appealing and responsive websites.
- Collaborated with clients to understand their requirements and translate them into functional WordPress solutions.
- Customized and extended WordPress plugins to enhance website functionality and meet specific client needs.
- Conducted thorough website audits and performance optimizations to improve loading speed, security, and SEO rankings.
- Troubleshoot and resolved WordPress-related issues, including theme conflicts, plugin compatibility, and database errors.
- Assisted in project management tasks, including requirement gathering, project planning, and timeline management.

2021 - 2022

Position: WordPress Course Trainer

Company: Future Web BD

- Designed and delivered comprehensive WordPress courses, catering to students with varying levels of expertise and learning objectives.

2021 - 2022

- Created engaging course content, including lesson plans, presentations, and hands-on exercises, to facilitate effective learning of WordPress concepts and techniques.
- Conducted interactive training sessions, leveraging a variety of instructional methods to ensure maximum student engagement and knowledge retention.
- Provided personalized guidance and mentorship to students, assisting them in grasping core WordPress concepts and applying them in practical scenarios.
- Demonstrated real-world examples and case studies to showcase the application of WordPress in building professional websites and online platforms.
- Conducted regular assessments and evaluations to track student progress and identify areas for improvement, providing timely feedback and support.
- Stayed updated with the latest WordPress trends, themes, plugins, and best practices, integrating them into course content and delivery.

2019 - 2020

Position: WordPress Developer

Company: Avatro Group

- Developed and maintained WordPress websites, ensuring efficient and high-quality code implementation.
- Collaborated with clients and project stakeholders to gather requirements and translate them into functional WordPress solutions.
- Customized and extended existing WordPress themes and plugins to meet specific client needs and design specifications.
- Implemented responsive and user-friendly front-end interfaces using HTML, CSS, and JavaScript frameworks.
- Conducted thorough testing and debugging to ensure the stability, security, and performance of WordPress websites.
- Optimized WordPress websites for search engine visibility, implementing SEO best practices and enhancing site performance.
- Assisted in website migration and deployment, ensuring smooth transition and minimal downtime.
- Provided ongoing maintenance and support for WordPress websites, addressing issues and implementing updates as required.
- Stayed updated with the latest WordPress trends and technologies, incorporating them into development processes and suggesting improvements.

CERTIFICATION

As a highly motivated individual with a passion for web development, I am proud to showcase my certifications and expertise in my resume. I have successfully completed the Advanced WordPress Development course from Soft-Tech IT, equipping me with advanced skills to create dynamic and scalable WordPress websites. Additionally, I hold certificates from bitdegree in Introducing Coding for Beginners, Learn How to Build a WordPress Website without Coding, and Introduction to Web Design, coding fundamentals, and website creation. These certifications reflect my commitment to continuous learning and my ability to contribute effectively to any web development team.

I am eager to discuss how my skills and qualifications align with your organization's needs. Please feel free to reach out to me at [+8801515663995](tel:+8801515663995) or ahammedshakil.47@gmail.com to schedule a meeting or phone call.

Thank you for taking the time to review my resume. I appreciate the opportunity to be considered for this position and look forward to the possibility of discussing it further.
